

PINS Parent Groups

‘Partnership Inclusion For Neurodiversity in Schools’

PINS is a national project aimed to improve the inclusivity of neurodiversity in the school. Part of this project is to set up parent groups in each participating school and this is being led by Hampshire Parent and Carer Network. These groups are a safe space to come and have conversations about what’s going well for you and your child in school and what needs some improvement.

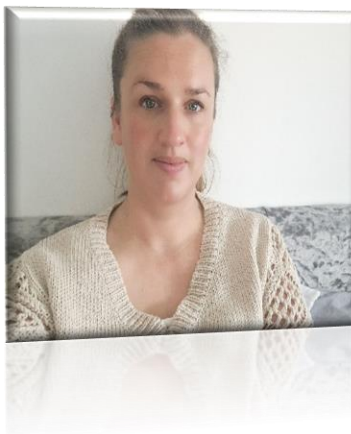

HPCN will be leading the meeting, taking notes and then having discussions with the leadership of the school afterwards. What is said in the room stays in the room, but we will take up the themes and issues with Mrs Boorman and her leadership team.

This is a really great opportunity to have your voice heard and support the school to make positive changes for young people. I look forward to meeting you on the 2nd December in the school hall. Tea/Coffee and cake will be available too.

Date : 2nd December 2024

Time: 9.15am-10.15am

As an introduction:

My name is Rosie, and I work for HPCN. I will be running the PINS groups and working with you to listen to you and build a better relationship with yourself and your school. I have many years of training with children in SEN within the Early's years sector, as a Qualified Early Years SENCO and SEN law Training and my own personal experience of SEN with my own Children.
