Dear Parents/Carers,

The Department for Education introduced compulsory relationship education for primary children from September 2020. It also became compulsory for all schools to teach health education. The purpose of these subjects is to support all young people to be happy, healthy and safe - to equip them for adult life and to help support children to make a positive contribution to society.

As part of this, all schools are required to consult with parents when developing and reviewing their policies for relationships education, which will inform decisions on when and how certain content is covered.

You can find further details about the introduction of compulsory relationship education, as well as answers to many other frequently asked questions, on the [government website](#).

We are in the process of updating our RSE policy in line with the government's changes which will take effect from September 2026. Please click on the following link to our School Policies page where you can read the Relationships and Sex Education policy.
